JESSICA DIANE LTD OFFERS BUSY WOMEN LUXURY HANDBAGS THAT ARE BOTH BEAUTIFUL AND PRACTICAL

Chicago - Jessica Diane is a luxury handbag design house that creates revolutionary accessories perfect for busy women who desire versatile contemporary bags.

How Jessica Diane Ltd. Began

As a busy woman always on-the-go in the big city, Jessica was tired of carrying multiple bags to get her through the day. She needed a bag that could carry her entire day, and transition flawlessly throughout; from work, to running errands, to the gym, to dinner with clients. Through her love of design and sewing, Jessica created the Diamanti, a luxurious handbag that would meet the needs of women that other handbags in the fashion industry did not. She has since designed three more beautiful, innovative and versatile bags; the Cali, the Everyday Crossbody and the Iconic Wristlet.

Handbag Styles

The original Jessica Diane handbag, the Diamanti, is the ultimate luxury handbag for women on-the-go. Its unique design allows wearers to carry the weight of their day without having to leave any items behind—or in another bag! The Diamanti also includes an attachable and removable laptop/tablet slip that has a side pocket to store documents or magazines.

The Cali is a perfect addition to a night on the town. As beautiful as it is practical, this chain crossbody clutch has two main zipper compartments and a slip pocket to allow for easy access to a cell phone, and the inside lining features a zipper pocket with two credit card slots. The lightweight chain is both adjustable and removable, and when used as a clutch, it features a latch for keys! The Cali comes in three irresistible leather shades of Black, Caramel and British Tan.

The Everyday Crossbody is the perfect accessory for a casual day in the city, yet transitions to a night out seamlessly. It features an adjustable leather strap, a zipper closure, a diagonal zipper pocket on one side and an easy access slip pocket on the other. The inside of the bag contains a small slip pocket and a latch for your keys. In shades of Black, Caramel and Chocolate, the Everyday Crossbody is sure to please.

The Iconic Wristlet is fabulous in all of its simplicity. Fresh, chic and effortless, it's a must-have for every fashion maven!
